

## Dr. Pablo Soler Catalán

Radiation Oncology

### Academic training:

- Degree in Medicine, University of Navarra (Navarre) 2001-2007

### Specialty residence:

- Radiation Oncology, IVO Foundation (Valencia) 2008-2012

### Expert:

- Treatment by RT3D, IMRT, VMAT (RapidArc®) and SBRT
- Breast, prostate and gynecological Brachytherapy

### Professional experience:

- 2 years as Deputy Medical Radiation Oncology Unit IMED Elche

### Participation in publications of interest:

- "OUTCOME OF PERMANENT IMPLANTS WITH STRANDED 125-I preplanning SEEDS AND SYSTEM IN 250 CASES OF EARLY PROSTATE CANCER AND Dosimetry IMPROVEMENT WITH REAL-TIME AND BARD PRO-LINK SYSTEM. JL Guinot, Gime no J, M Carrascosa rich J, M Depiaggio, Tortajada MI, Santos M, wheels R, P Soler, Arribas L. Poster presented at the ESTRO 29 held in Barcelona from 12 to 16, 2010. (Radiother Oncol 2010 ; 96 (suppl1): S221)
- "TEN-YEAR RESULTS OF A PHASE II STUDY WITH A FRACTION OF SINGLE HDR brachytherapy (FAST-BOOST) irradiation AFTER BREAST WHOLE IN EARLY BREAST CANCER. JL Guinot, Otero A, Tortajada M, M Carrascosa, Crispin V, Santos M, P Soler, L. Arribas presented at the 16th World Congress of the International Society Senologic, held in Valencia from 20 to 22 October 2010. ( Mam Patol Senología Rev. 2010; 23 (suppl1): 205 M, M Tortajada, Guardino C, L. Arribas presented at the 16th World.
- "EXTERNAL RADIATION adjuvant and overprint BRAQUITE- RAPIA OF SHELL IN ONE SECTION RATE IN BREAST CANCER IN YOUNG WOMEN TO 40 YEARS" Soler

P, E Arregui, Guinot JL Santos M, Carrascosa Senologic Congress of the International Society, held in Valencia from 20 to 22 October 2010. (Rev. Senología Patol Mam 2010; 23 (suppl1): 205.

**Other merits:**

- Title I DEA, Research Paper: - "adjuvant external RT and brachytherapy overprint highest rate in single fraction in breast cancer in women younger than 40 years."
- Radioactive Facilities Supervisor, CSN accredited License
- Member SEOR - Member GORVAMUR
